Booking and Stud Fees

- A non-refundable booking fee of \$300+GST NZD is due at the signing of this contract. This will confirm a place for the above named mare in this stallion's book during the 2025-2026 breeding season. This fee is deductible from the stallion's Stud Fee.
- The balance of the Stud Fee is payable before the first shipment of semen is sent, or before the mare is delivered.

Semen Collection and Shipment Fees

- There is no collection fee for the first shipment of semen. Each subsequent shipment will be liable for a Collection Fee of \$300+GST NZD (this covers semen collection, preparation and packaging).
- Shipping fees / delivery costs will be invoiced to the Mare Owner for each shipment of semen.

AI and Agistment Packages

- To be discussed with any interested party, can handle the whole process from Vets, Scanning and AI.

SEMEN COLLECTION

- The breeding season is defined as 1st September, 2025 until 1st March, 2026. Bookings outside this time are by arrangement only.
- Please check availability of stallions in advance as we may be away from time to time during the breeding season.

CONDITIONS OF RETURN SERVICE

1. If your mare fails to get in foal, another mare may be nominated with permission from High Line in the same season as long as it falls within the time frame given under Semen Collection and Live Cover Reservations. A veterinary certificate would be required.
2. If your mare fails to get in foal she will be accepted for the 2026/2027 season and **will not** be liable for

another booking fee. You will be liable for all other associated collection, shipping and/or agistment costs.

3. Eligibility for Return Service may be withdrawn at the sole discretion of High Line Stud. Should this occur, a full refund of the Stud Fee will be provided. The Owner will still be liable for all other costs incurred prior to this notification.

CONDITIONS OF LIVE FOAL GUARANTEE (IF APPLICABLE)

1. If your mare produces a live foal that is unable to stand or suckle and it subsequently dies with 24 hours, your mare is eligible for a Return Service. A veterinary certificate must be provided to High Line Stud within 10 days of the foals death. This certificate must also state that the mare was properly cared for during gestation and was attended at foaling. Failure to provide the certificate within the given period will make the Return Service null and void.
2. If your mare qualifies for a Live Foal Guarantee, you will be liable for all associated collection, shipping, agistment and/or veterinarian fees associated with carrying out the Guarantee.

REFUND OF FEES

The Mare Owner will be entitled to a refund of the Booking Fee if the chosen stallion becomes unavailable or unfit for service prior to your mare receiving semen or live cover in the 2025/2026 breeding season.

WARRANTY

High Line Stud will not be liable for lost, damaged or delayed semen due to circumstances beyond their control.

ISSUE OF BREEDING CERTIFICATE

One Breeding Certificate will be issued for this contract. This will pertain to the Mare described in the contract. The Breeding Certificate will be provided once the Mare is tested 42 days in foal and all outstanding invoices have been paid by the Mare Owner. Colts must be gelded unless arranged otherwise.
